HUMAN TRAFFICKING

Lieutenant Wendy K. Reyes of the Oakland County Sheriff's Department will give our attendees an introduction to the heinous crime of human trafficking. She will explain the types (sex & labor) and share how each is present in Michigan. She will dispel the myths and explain how fraud, coercion and force are employed. She will examine the definition of the crime; the act, the means and the purpose. She will illustrate with real-life examples. She will look at where victims are found and explain the indicators of a person who is being trafficked. She will also focus on the trauma to the victims with a brief discussion on effects to the brain, memory and behavior. She will also review the groundbreaking research being conducted on the "freeze, fright and flee" human responses at MSU by Dr. R. Campbell. Lt. Reyes will also be available to answer your questions. Please join us for the fascinating presentation.
